

HOLLY DOOLEY, IT'S THE "DULEY'S GOOLIES"

Yes, it was that time of the year again when we all ventured south to be subjected to our most demanding venue of the year, that being the dreaded "Duley's Goolies". This is the only property I know that is potentially harder to ride between Sections than it is to ride the Sections themselves but as hope always springs eternal, and in equal and opposite proportions as trials riders memories, we all arrived keen to get stuck in. Alas the clear blue skies of the day/week before turned into overcast leaden ones with copious amounts of wet stuff thrown in turning a difficult weekend into a treacherous one for the unsuspecting. Despite all that we still had 35 members and 12 guests turn up all eager to tame the "Goolies" again and as the results can attest some managed to do it but many more failed.

The NSW Working Committee appreciatively managed to set 10 sections but as a duty of care issue decided to move away from our all Division section philosophy and kept the Div 6's out of the major goolie fields surrounding Sections 2, 3 & 4 and just as well I say as 81 year old Keith Marchant, up this way from Pacific Park on a one month Trials Safari with partner Sue Ferris, found out on his first reeve of the property taking a slow speed tumble about 50 feet out from the safety of the car park.

Not only did we attract riders from as far afield such as the Marchant party from Sydney, but once again we had our regular members making the commute up from Coffs Harbour along with Greg Harding and confirming that our reputation is becoming worldwide we also welcomed Luigi Garzoni all the way from Italy who added a little world championship experience spice to the event and put on a fabulous display riding the handicapped Div 1 lines and making it look oh so easy.

As mentioned earlier, the weather was not kind to us for a change but it still didn't stop us from using our cardless scoring system, thanks to our backup waterproof score sheets, nor did it put a dampener on our legendary observers, who had every right to exercise their right of refusal, but who regardless performed above and beyond the call of duty sitting out there all day dodging passing showers under umbrellas and poncho's. There is no doubt though that they were very relieved to come in for our 45min lunch break to get in out of the wintry conditions, dry off and regroup before heading out again for the afternoon session of which not one of them refused to do, well maybe one, with a predictably small grizzle overheard coming from a certain Division 2 dairy farmers wife who shall remain nameless but returned none the less, but probably justifiably as conditions didn't actually improve in the afternoon session either.

There were some interesting results worthy of note starting with Greg Harding's almost flawless score of 1 in Div 2, relegating Paul "Mr Smooth" Moore (5) to his third second placing in a row of late raising the obvious question of whether he may have finally peaked and giving some false hope to his adversaries in the process no doubt. Adina (11) continued her winning ways following her "C" Grade first placing at the 2nd round of the NSW Titles the week before with a similar result in Div 3 edging out Bradly Schneider (16) and new member Jeff Brown (21). Zac Reed (8) and Sam Rogers (12) continued their close rivalry both finishing at the pointy end of Div 5 ahead of a few more fancied adult riders. Worthy of special mention were the performances of two brand new riders to the sport, Simon McDonald and Dan Hall, both riding in their first trial, not to mention "Duley's Goolies", and taking to it like fish to water. We will no doubt be seeing more of them in the future.

No report on the "Duley's Goolies" is complete without a special mention and thank you to the Duley family themselves who go out of their way to ensure that we have a great weekend both with the use of their property but more importantly their facilities and impeccable hospitality. To be able to setup under a tin roof, have availability to hot showers, ample undercover room for what is becoming our traditional Saturday night communal barbeque dinner, taken advantage of this year by about 30 campers, and Sunday arvo presentations is absolute gold and a reason why we will return yearly, despite the "Freakin Goolies", affectionately referred to by my son halfway around the first lap.

Next event is the **JEFF GOUGH MEMORIAL** on May 15th with entries closing on **May 1st** so get your entries in soon to avoid disappointment!
